Re: In the Matter of Reporting Requirements for U.S. Providers of
International Telecommunications Services, IB Docket No. 04-112

Dear Ms. Dortch:

On January 20, 2006, Jacquelyn Ruff and Leslie Owsley from Verizon, David Nall and Marybeth Banks from Sprint Nextel, and Jim Talbot and I from AT&T Inc. on behalf of its affiliates met with Emily Willeford from Chairman Martin's office and several members of the International Bureau: Jim Ball, Breck Blalock, David Krech, Brad Lerner, and Mark Uretsky.

Consistent with positions previously documented in this proceeding, we briefly discussed our joint views regarding the need to streamline the current international reporting requirements, and to insure that no additional requirements are added that are inconsistent with today's highly competitive international market. We focused on some specific proposals that would unnecessarily add such burdens, and highlighted the difficulties in developing new administrative systems that would be needed to meet these new requirements.

One electronic copy of this Notice is being submitted to the Secretary of the FCC in accordance with Section 1.1206 of the Commission's rules.

Sincerely,

A handwritten signature in dark ink, appearing to read "D. Schoenberger", with a long horizontal flourish extending to the right.
